DETAILED ACTION

Election/Restrictions

1. Regarding the restriction requirement. The restrictions is still maintained and Final for reasons already stated in the previous action.
2. This application contains claims 6-11, drawn to an invention nonelected with traverse in Paper No. 042205. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 3-5 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by Kagerer et al., for reasons cited in the previous action.

Response to Arguments

5. Applicant's arguments filed 09/12/2005 have been fully considered but they are not persuasive.

6. Regarding the argument that the thiol groups required by Kagerer et al. are excluded by the subject claims, no such requirement is found in the present claims. As in, for example ¶ 50, Kagerer et al. teach that "it is preferred to use compounds containing one thiol group and **two hydroxyl groups**". The hydroxy functional isocyanate-reactive components of Kagerer et al. meet the requirements of the present claims.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
